INFORMATION FOR AND ABOUT FULTON STATE HOSPITAL

FSH Staff to Attend Conference

Ms. Sharon Britten, Client Advocate, has been chosen to attend a conference in Bethesda, Maryland in late April as part of a Seclusion/Restraint Steering Development Team. The conference will center on consumer involvement in mental health settings. This will be an opportunity to share what Fulton State Hospital has been doing to get clients involved in a "partnership" in treatment and giving them a voice in what happens here at the hospital. The conference is sponsored by NASMPHD/OTA.

CHANGES AT THE HOSPITAL

Options will be opening a transitional community living situation in the Hope Center beginning on April 13th.
